

SPRING BALL 2017

Remembering Lindsay Emerson

Raising funds for Fields of Life

The Spring Ball will be hosted in the stunning surroundings of Culloden Estate on Saturday 27 May 2017 in memory of Lindsay Emerson, raising vital funds for Fields of Life.

During her short life, Lindsay worked with charities in the Philippines, Burkina Faso, South Africa and Albania. Her last charity trip was in 2006, when she and her husband led a team of volunteers from Emmanuel Church to Uganda, with Fields of Life.

Lindsay was moved by the children she encountered and by the passion of the Fields of Life staff and school teachers. Whilst in Uganda, Lindsay suffered from headaches and, shortly after her return home, was diagnosed with a brain tumour.

When Lindsay died in April 2007, at the age of 23, Fields of Life built a new secondary school – Light for All – in her memory.

With your help, the Spring Ball will raise funds to meet the needs of pupils at the Light for All school, and support Fields of Life in transforming more lives with the gift of education and clean water. Please join us in our fundraising and celebrating a very special girl, whose kindness changed the lives of those who knew her.
