WHAT IS FIELDS OF LIFE?

Fields of Life is an international development organisation. We are committed to sharing the Christian faith by working with local communities in East Africa to bring about positive change through the provision of **quality education, clean water, health promotion and other community based projects.**

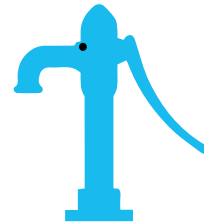

OUR WORK TO DATE

**120 SCHOOLS

**50,000 CHILDREN

**OVER 650

WHERE DO WE WORK?

We're so excited that you are interested in supporting Fields of Life!

We would like to share with you a few more details about our life-changing projects...

WATER FOR LIFE

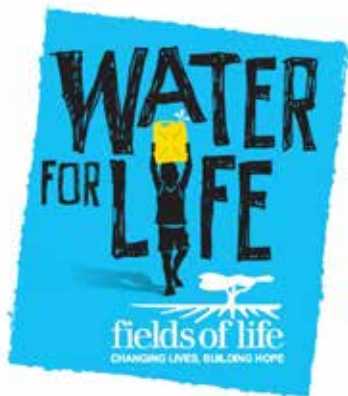

Many communities in East Africa do not have access to a safe, clean water supply. This can result in waterborne diseases, ill health and even death.

DID YOU KNOW?

OVER ONE TENTH OF THE WORLD DOES NOT HAVE ACCESS TO CLEAN DRINKING WATER.

AN ESTIMATED 200 MILLION HOURS PER DAY ARE SPENT BY WOMEN AND CHILDREN COLLECTING WATER.

443 MILLION SCHOOL DAYS ARE LOST EACH YEAR DUE TO WATER RELATED DISEASES.

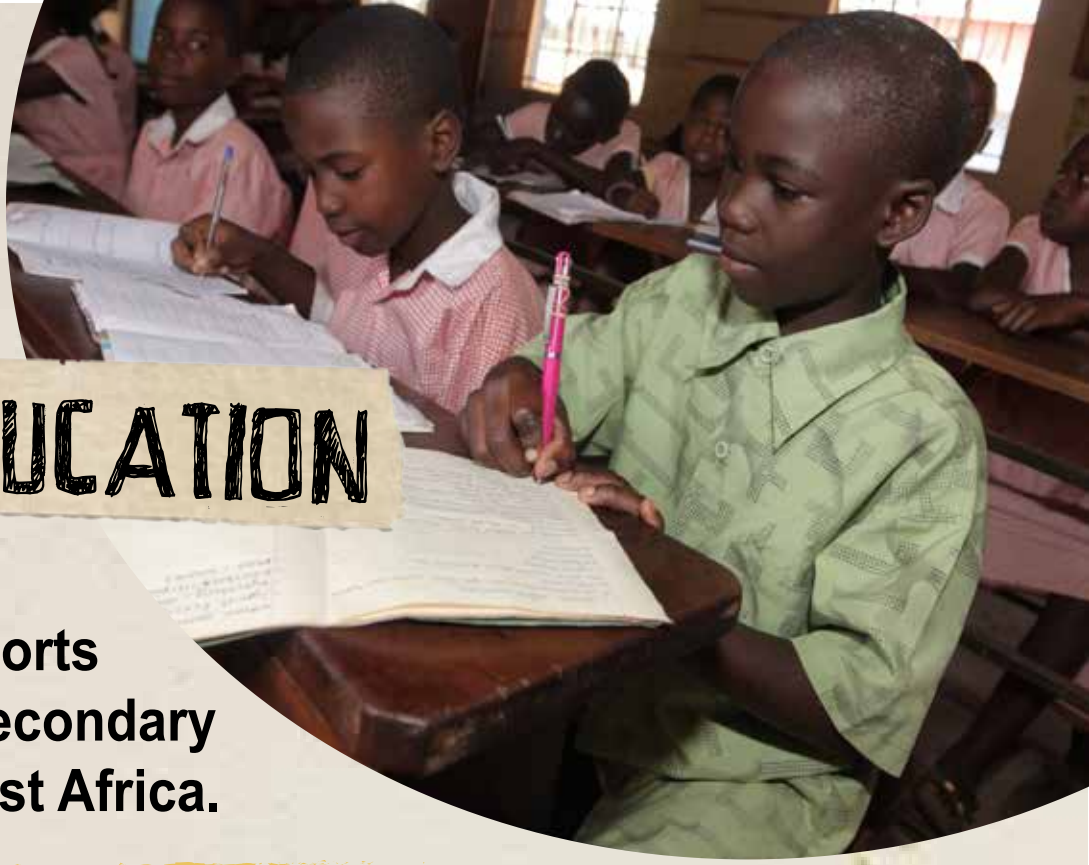

Water for Life is part of Fields of Life's Water, Sanitation and Hygiene (WASH) Programme.

We aim to bring clean, safe and accessible water supplies to schools and villages in East Africa. Fields of Life have 3 drilling rigs and to date our drilling teams have drilled 673 wells in East Africa. That's amazing!

Other water projects also include:

- Protecting natural springs
- Rain-water harvesting
- Water filters
- Hand-washing facilities
- Training community water user committees.

QUALITY EDUCATION

**Fields of Life supports
120 primary and secondary
schools across East Africa.**

A child's experience of school can
change from this:

...to this:

We provide quality education for thousands of vulnerable children. This is not just about bricks and mortar like classrooms and dormitories, it is also about having well trained and dedicated teachers who can help unlock potential and release young people from the cycle of poverty.

Fields of Life also run a Child Sponsorship Programme which can change a child's life forever. Fields of Life uses a community-based approach which means that the wider school community also benefits. What an incredible gift to give!

**" EDUCATION IS THE MOST POWERFUL WEAPON WHICH YOU CAN USE
TO CHANGE THE WORLD"**

- NELSON MANDELA

DID YOU KNOW?

IN UGANDA, 71 PERCENT OF GIRLS DROP OUT OF SCHOOL BEFORE COMPLETING THEIR PRIMARY EDUCATION.

IN SUB-SAHARAN AFRICA ONLY 1 IN 5 GIRLS MAKE IT TO SECONDARY SCHOOL.

85 PERCENT OF GIRLS DO NOT COMPLETE SECONDARY EDUCATION.

WOMEN REPRESENT TWO THIRDS OF THE WORLD'S ILLITERATE POPULATION.

I AM GIRL is part of the Fields of Life WASH Programme and aims to create girl friendly environments in schools. It is a health care initiative that addresses some of the challenges faced by young women today and to empower them to complete their education.

However, I AM GIRL is not just about educating girls. Boys and girls, men and women all need to be made aware of the problems linked to menstruation, the risks faced by girls as they walk to or from school every day, when they go to collect water or those forced to marry early, start a family and drop out of education.

We believe that all girls are entitled to dignity and a future and have the potential to be the change makers in their families, communities and nations.
